

WEBSITE ACCESS GUIDE

Need secure access to the new SPIROMICS/SOURCE website?

The secure side of the website is for investigators, industry partners, and clinical site staff on the SPIROMICS and SOURCE studies.

Go to <https://www.spiromics.org/spiromics/user/login> and submit the online form to request a new account. **All returning website users must create a new account on the new website.**

Please fill out the account request form completely. The email address used **must** be affiliated with your primary institution and not a personal email address (such as Gmail, Yahoo email, AOL, etc.).

We may reach out to you or others at the affiliated institution to verify your type of access.

Once we receive the account request, you will receive a follow-up within 1-2 business days.

We offer the following access types:

Study Member: Grants access to the majority of our secure site, including protocols, trainings, and committee documents.

Additional access can be granted to specific individuals for dataset accessibility, with an active DMDA:

Datasets - Study Investigator: Datasets for SPIROMICS/SOURCE investigators.

Datasets - External Collaborator: Limited-access datasets for partnering collaborators, including commercial entities.

Password requirements:

New SPIROMICS/SOURCE website passwords must be a minimum of ten characters, of at least three character types (numbers, letters, symbols), and it cannot have four consecutive identical characters or contain the username.
